5 Start Repair will now start "Diagnosing your PC", and attempt to automatically repair it. (see screenshot below)

Hyper-V™

ElevenForum.com

Diagnosing your PC

6 If Startup Repair couldn't repair your PC, you'll see a summary of the problem in the log file. (see screenshot below)

Options:

Run Startup Repair again:

Click/tap on **Advanced options**, and go to **step 2** above. Sometimes it may take running Startup Repair up to 3 times and restarting the PC each time to fix the startup issue.

Boot to Windows 11:

Click/tap on **Advanced options**, go to **step 2** above, and click/tap on **Continue** instead.

Turn Off PC:

Click/tap on **Shut down**.
